

Chopin

VODKA

Chopin Potato Vodka is naturally gluten-free and made from potatoes grown without chemicals or pesticides.

Its uniquely creamy and full-bodied flavor profile makes it a great standalone vodka, ideal for sipping neat or in martinis and cocktails.

The Chopin story starts in the potato fields within 18 miles of Chopin's century-old, family-owned distillery, located in the small village of Krzesk, in eastern Poland.

If you enjoy discovering the origins of the products you consume, **Chopin is the spirit for you.**

Please Drink Responsibly.
Chopin Vodka, 40% Alc. By Vol.
