- ✓ Full-flavor
- ✓ Limited release

### Tasting Notes

Presents on the nose hints of spice that accent a gentle, sweet musk. The palate opens with delicate earthy sweetness followed by understated notes of licorice and clove. The finish is medium-long with a lingering warmth. We recommend sipping **Family Reserve** at cellar temperature (50-59°F) to enjoy the full flavor of this special distillation. It is also ideal for sipping chilled neat, over the rocks, in martinis or signature cocktails.
